EXTRADITIONS AND OUT-OF-STATE TRANSPORT

One function of the Sheriff's Office is the transport of a person under extradition from any state back to Wisconsin. This occurs when a person charged with a felony in Wisconsin flees the state. A Jefferson County Circuit Court then orders that person to be held accountable for their offense.

That person's name and description is entered into a nation-wide computer system, accessible only to law enforcement. If, for any reason, police have contact with the fugitive and run their information through the system, they will get a "hit". This notifies Jefferson County that our fugitive has been stopped by an out-of-state agency.

It is then our responsibility to confirm to that agency that we want the fugitive and will extradite him/her back here. The Jefferson County District Attorney then confirms the process to bring the subject back and the amount of bond available to them.

The fugitive appears in front of a judge in the state in which he/she is detained. If the subject agrees to come back to Wisconsin or "waives", the fugitive is brought back.

If the subject disputes the charge, the District Attorney petitions the Governor of Wisconsin to request the return of the fugitive. This request goes to the Governor of the state that is holding the inmate. Upon review of the facts, if the other Governor agrees to the request, he/she issues a Governor's warrant. The fugitive is then arrested on this warrant and Jefferson County is notified to pick up the individual.

Statistics for 2009 on extraditions:

A total of 28 individuals were held in other states on felony warrants issued in Jefferson County. Of those, 18 were brought back to Jefferson County by the Sheriff. Five were females. One was brought back to Wisconsin by another agency that had charges. Four were carried forward into 2010. Two had the warrants quashed. Two were released and appeared on their own. The majority of charges were for Failure to Support, but charges also included substantial battery, battery, second degree sexual assault, fail to report, sexual assault of a child, burglary, drug charges, non-support and numerous other offenses.

We transport fugitives by van and by air. In 2009 we used a transportation service, North Atlantic Extradition Service, to transport a majority of our prisoners back to Wisconsin. This service charges by the mile, one-way, and is by far less expense than sending our personnel.

In 2009, the biggest expense for us was the return of Edward W. Edwards who is charged with the Hack/ Drew homicides in 1980. Edwards was medically unable to be transported by ground and required a special medical air transport. As his arrest was the result of a combined Cold Case review with the State of Wisconsin, they assisted with the cost of his transport.

The cost to the county was approximately \$15,822.69 for all of these transports. This cost includes wages, travel, and expenses. We continue to work with the District Attorney to request court-ordered restitution for these expenses.

Respectfully submitted,
Duane R. Scott, Captain
Administrative Division

ACCOUNTING OF TRANSPORTATION COSTS

2009 ANNUAL REPORT

| MONTH | NUMBER OF JUVENILES | COST OF JUVENILE TRANSPORTS | NUMBER OF ALL TRANSPORTS | COST OF ALL TRANSPORTS |
|-----------|---------------------|-----------------------------|--------------------------|------------------------|
| January | 6 | \$838.53 | 20 | \$3,017.39 |
| February | 2 | \$131.94 | 10 | \$1,684.36 |
| March | 10 | \$1,252.05 | 21 | \$2,751.44 |
| April | 2 | \$234.35 | 17 | \$3,359.70 |
| May | 1 | \$244.02 | 20 | \$2,687.93 |
| June | 3 | \$502.42 | 17 | \$2,477.76 |
| July | 8 | \$874.14 | 26 | \$3,321.87 |
| August | 3 | \$253.60 | 14 | \$1,746.56 |
| September | 7 | \$700.43 | 17 | \$2,149.86 |
| October | 6 | \$705.21 | 18 | \$2,195.71 |

| December | <u>5</u> | <u>\$605.36</u> | <u>12</u> | <u>\$1,878.36</u> |
| TOTAL = | 65 | \$7,913.09 | 222 | \$30,593.72 |

Report to the Sheriff

By: Karen Schmidt, Account Clerk

In addition to the extradition of individuals from outside the State of Wisconsin, the Jefferson County Sheriff's Office also transports adults and juveniles throughout the state. The transports within the State of Wisconsin are at the request of the courts and Human Services. The adults are transported to and from other institutions for the purpose of appearing in court, mental commitments, and alcohol detoxification, among others.

Juveniles are transported by the Sheriff's Office primarily for the same reasons adults are transported, in addition to juvenile detention. Juveniles constitute 29 percent of all transports. The above chart indicates the cost of transporting juveniles to be \$7,913.09, or 26 percent of the total spent on transportation.

Those costs are based upon the 2009 mileage rate at \$.55 plus the deputy's hourly wage. The costs are monitored and show the efforts made to minimize the fiscal impact upon the county. The lower cost is accomplished by utilizing on-duty and part-time deputies.

Respectfully submitted,

Paul S. Milbrath, Sheriff

PATROL DIVISION

2009 ANNUAL REPORT

The Jefferson County Patrol Division is comprised of 43 members: One captain, six sergeants, 34 deputies, one mechanic, and one secretary. In addition to patrol, this division has several specialized units. These specialized units include Special Weapons and Tactics (S.W.A.T.) Team, Dive Recovery Team, Boat Patrol, Snowmobile Patrol, Motorcycle Patrol, K-9 Unit, Major Accident Investigation Team (M.A.I.T.), Truck Enforcement, Traffic Safety, and Animal Control Officers.

In 2009 the Patrol division continued to be aggressive in the area of obtaining grants. The Sheriff's Office was awarded \$12,000.00 from the Bureau of Transportation Safety for seatbelt enforcement (Click it or Ticket). Of that grant amount, \$2,000.00 was able to be applied and used towards equipment purchases. The dollars were utilized to purchase a new Eagle IIX radar unit and an Alco-Sensor. During the 352 hours of patrolling Jefferson County roads under the grant, deputies made 446 contacts, issued 281 citations, 55 of those for seatbelt violations.

Also in 2009, Jefferson County again received a Youth Alcohol Enforcement grant through the Wisconsin Department of Transportation and Bureau of Traffic Safety (WIDOT/BOTS). This grant was used to fund a variety of enforcement programs focused on reducing underage drinking, sales to underage persons, as well as educational opportunities for businesses and the general public. In addition, the Sheriff's Office utilized over \$10,000.00 of that funding to have deputies enforce underage drinking laws at the 2009 Jefferson County Fair. We also used grant funding to assist other municipalities by having deputies work special events that had potential underage drinking occurring.

A coalition was formed with several agencies in the county originally wanting to participate. A countywide grant for \$59,960.60 was awarded; however, in the end only the Jefferson County Sheriff's Office and Lake Mills Police Department participated. Hopefully this is something that will generate a future interest. For a detailed report see Sgt. Michael Weber's report on page 9.

In 2009, Jefferson County Sheriff's Office Patrol Division once again had a contract for Community Contract Policing between the Town of Sumner and the Sheriff's Office. A total of 13 hours per month were exclusively worked by off-duty patrol deputies under a contract agreement with the Town of Sumner. The primary focus continues to be traffic enforcement and quality of life enforcement actions. The Sheriff's Office looks forward to the strengthening of this relationship and providing quality professional services to the Town of Sumner.

As in the past, the Sheriff's Office continues to enjoy a working relationship with the Jefferson County Emergency Communications (J.C.E.C.) unit. This volunteer group assists the Sheriff's Office in a variety of functions such as traffic control at vehicle accidents, fires, and other events where we must redirect normal traffic flow. They also assist in the patrolling of our county parks and the Jefferson County Fair.

We-Tip and our Citizen's Police Academy were also offered in 2009. We-Tip allows citizens to make anonymous reports of crime to local agencies which may, in turn, produce a cash

As our county continues to grow and as budgets get smaller, we will be faced with many different obstacles and challenges. However, we will continue to look at technology that can further assist us in doing our work more efficiently with our available resources. As in past years, the Sheriff's Office will continue to make every effort to seek funding through state and federal sources whenever possible and, as always, the Sheriff's Office will remain committed to maintaining its high standard of service to the citizens of Jefferson County.

Respectfully Submitted,
Patrick J. Brown, Captain
Patrol Division

JEFFERSON COUNTY FAIR

2009 ANNUAL REPORT

The 2009, Jefferson County Fair ran from July 8 through July 12. Security at the fair was provided by the Jefferson County Sheriff's Office, with the assistance of the Jefferson County Emergency Communications, Inc. (JCEC) group. EMS units also staged at the Fair Park to assist citizens in need of medical care.

The JCEC command post was again used as an on site dispatch center for personnel assigned to the fair. This increased the communication between deputies and JCEC members providing a prompt response to citizens' needs and complaints.

This was the first year we worked with Paul Novitzky, Fair Park Director, and things went pretty well. I look forward to working with him again at the 2010 Jefferson County Fair. Good communication, preplanning, and the experience of the 2009 fair will help us to improve the fair in 2010.

The Sheriff's Office billed 58.5 hours at straight time (down from 115.5 in 2008) and 134.25 overtime hours (133.5 was billed in 2008) for a total cost of wages of \$6,928.18 to the Fair Park for security. This is a savings to the Fair Park of more than \$1,000.00, compared to what was billed in 2008. Although fewer hours were billed to the Fair Park in 2009, we were able to increase the number of hours deputies were at the Fair. To achieve this we utilized \$10,800.00 in wages and benefits, equaling 176 hours (up from 80 hours in 2008), of CARD Grant funding. The CARD Grant focuses on reducing underage drinking, and data from 2007, 2008, and 2009 clearly reflects that underage drinking has been significantly reduced at the fair.

During the five days of the fair deputies dealt with a variety of complaints. Most were handled with good communication; however, some incidents warranted a stronger enforcement action. In those cases citations were issued and in a couple of cases arrests were made. There also was an increased gang presence this year. Deputies monitored these subjects and their activities during the course of the fair. Deputies took appropriate actions ranging from confiscating items to escorting subjects from the Fair Park. This is an area that we will take additional steps to address in 2010.

Deputies worked with AAA and DDR Insurance in doing Child ID kits again this year and turnout for this was very good.

Members of the Jefferson County Emergency Communications, Inc. (JCEC) group donated a lot of time to assist the Sheriff's Office again this year. Each year as fair attendance increases, their assistance becomes more valuable.

Respectfully submitted,
Michael Weber, Sergeant
Fair Security Coordinator

K-9 UNIT

2009 ANNUAL REPORT

K9 Ahron/ K9 Ellie Mae - Deputy Greg Jansen

K9 Mink – Deputy Scott Gukich

K9 Deuce – Deputy Jason Behm

The K-9 unit responded to 316 specialized calls for service this year. These calls ranged from assisting the deputies of the Jefferson County Sheriff's Office to assisting other agencies both within and outside of Jefferson County. The Sheriff's Office K-9 unit also provided demonstrations for many civic groups, schools, and church groups throughout the county in an effort to maintain and enhance community relations. The table below shows the K-9 Unit's statistics for the year 2009. These numbers indicate both incident deployments as well as training deployments.

| 2009 K-9 Incident Deployments | | 2009 K-9 Training Deployments | |
|-------------------------------|------------|-------------------------------|------------|
| Area Search | 8 | Area Search | 15 |
| Article Search | 5 | Article Search | 32 |
| Building Search | 25 | Building Search | 46 |
| Narcotic Search | 176 | Narcotic Search | 72 |
| Prevent Escape | 22 | Prevent Escape | 2 |
| Tracking | 26 | Tracking | 54 |
| Patrol Squad Bailout | 2 | Patrol Squad Bailout | 7 |
| Public Demonstrations | 52 | Obedience | 28 |
| | | Aggression Work | 11 |
| | | Reasonable Force | 426 |
| | | Box Search | 1 |
| | | | |
| Totals | 316 | Totals | 294 |

Once again, the main deployment use in 2009 was in the area of narcotics detection; with public demonstrations and tracking as the second and third most requested duties. As we begin 2010, we are anticipating another productive year for the K-9 units of the Jefferson County Sheriff's Office.

Respectfully submitted,
Paul A. Wallace, Sergeant
K-9 Unit Supervisor

COMPREHENSIVE ALCOHOL REDUCTION (CARD) GRANT 2009 REPORT

This is a Federal Grant that provides funding for enforcement activities which target and reduce underage drinking. The Jefferson County Sheriff's Office and the Lake Mills Police Department were jointly given \$59,960.60 under this grant. The Sheriff's Office was reimbursed a total of \$40,791.96 for wages and benefit expenses incurred and equipment that was purchased.

Our enforcement activities for the 2009 CARD Grant commenced in December of 2008. The primary enforcement activity we utilized was compliance checks. These are operations involving underage citizen volunteers working with undercover deputies. Generally, plain clothes deputies would enter a business posing as customers. The underage volunteers would enter shortly after and attempt to purchase alcohol. The buyers were required to answer truthfully any question the clerk asked. The buyers also used their own driver's license for identification (which showed they were less than 21 years of age) and presented it to the clerk if asked to do so.

Underage buyers made 211 attempts to purchase alcohol, being successful 76 times. On 20 of these occasions, purchases were made at businesses that had sold previously. One business failed five consecutive times and the municipality had ordered their liquor license be suspended for 15 days; however, two days before the suspension was to take affect, the business sold a sixth consecutive time. The municipality promptly revoked the business's liquor license.

Compliance checks were done at a variety of businesses, including taverns, grocery stores, convenience stores, restaurants, and liquor stores. Initially we found that most businesses were pretty good about asking for ID's; however, often the clerks would look at the buyer's driver's license and then sell to them anyway. To remedy this situation, and as part of the CARD Grant, we developed a free training program taught by deputies which was made available to any business that requested it. We also developed and distributed plaque cards that showed how to read a Wisconsin driver's license and identification card.

We utilized over \$10,000.00 in funding to have deputies enforce underage drinking laws at the 2009 Jefferson County Fair. We also used grant funding to assist other municipalities by having deputies work special events that had the potential for underage drinking.

Citizens and deputies assigned to the CARD grant team worked together to reduce the availability of alcohol to underage persons. Training was provided and many businesses invested in new cash register technology to make it easier for their employees to deter underage persons trying to buy alcohol. Over the course of the 2009 CARD Grant enforcement which ran from December 2008 to September 2009, there was a significant increase in compliance by all types of businesses. The Sheriff's Office will continue to work with the business community, the citizens of Jefferson County, and other agencies to reduce underage drinking.

Respectfully submitted,
Michael Weber, Sergeant
CARD Grant Coordinator

WATER INVESTIGATION AND RECOVERY TEAM 2009 ANNUAL REPORT

The Jefferson County Sheriff's Dive Team conducts training monthly to maintain its efficiency. At this time, new divers that were added in 2008 are still being trained in specialized diving such as ice diving, swift water diving, dry suit diving and limited or no visibility diving. The Jefferson County Sheriff's Office Dive Team trains in rivers, lakes, and quarries. The team mostly trains in limited visibility due to the types of calls we receive; however, an ice dive in Rock Lake was recently conducted that had about 12 feet of visibility. The team trains under the ice since we also respond to assist with victims that have fallen through the ice. In an average year, the dive team gets several calls for assistance to recover evidence and/or drowning victims in various waters in our county. When possible, the dive team is also available to assist citizens in recoveries of boats and automobiles that have fallen through the ice.

The Jefferson Sheriff's Office takes great pride in their dive team and its ability to assist the citizens of Jefferson County. We will continue to prepare so that when called upon we can serve our citizens in a proficient and professional manner.

Respectfully submitted,
Thomas A. Rue, Sergeant
Dive Team Coordinator

[illegible]

SPECIAL WEAPONS AND TACTICS TEAM

2009 ANNUAL REPORT

In 2009, the Jefferson County Sheriff's Office Special Weapons and Tactics Team (S.W.A.T.) executed four high-risk drug search warrants, three activations for armed, barricaded suspects in the county, and one activation request from the Watertown Police Department for an armed, barricaded suspect.

Each incident resulted in a resolution that prevented anyone from being injured or seriously hurt. Even though the team trains for a physical assault, the objective is to resolve an event with the least use of force. This is reflected in the training program provided to S.W.A.T. team members.

The Special Weapon and Tactics Team consists of 14 deputies, one sergeant, and one captain.

Respectfully submitted
Matthew J. Miller, Sergeant
Special Weapons and Tactics Team Commander

FIREARMS TRAINING 2009 ANNUAL REPORT

In 2009, deputies of the Jefferson County Sheriff's Office fired approximately 10,000 rounds of handgun ammunition, 3,000 rounds of 12-gauge shotgun ammunition, and 3,000 rounds of rifle ammunition while continuing to keep their firearm skills at a high level of readiness. The importance of firearms training is related to the issues of disability and proper decision making when applying the proper level of force to affect an arrest or apprehension of an individual in the process of committing a crime.

Also in 2009, deputies were introduced to firearms training using the new Air-Soft weapons. Using these weapons created a cost savings to the Sheriff's Office while still providing realistic firearms training for the deputies. This program was successful in 2009 and will be continued into 2010.

Deputies received training in all aspects of the use of their handguns, shotgun, and rifle; including close combat training, barricade shooting, seeking cover, shooting while moving, prone shooting, one-handed shooting, night and dim light shooting, and practice in drawing their weapons and shooting accurately at moving targets.

During the winter months, additional training addresses the maintenance, proper handling, and use of firearms. During this period of time we also take advantage of scenario training. The objective is to insert a high level of stress into the training situation that gives deputies the chance to practice communication skills necessary to gain control of a dangerous situation.

Respectfully submitted
Matthew J. Miller, Sergeant
Firearms Instructor

[illegible]

REPAIR NOTICES/TRAFFIC WARNINGS

2009 ANNUAL REPORT

The year 2009 showed a slight increase in the number of warnings and repair notices issued. Approximately 4,205 verbal warnings and 559 repair notices were given out in 2009.

As in the past, this program continues to be successful. A total of 4,764 contacts were made via this format that normally would not be made. In many of these cases citations were issued along with the warning or repair notice. A number of these contacts also resulted in arrests for other violations and warrants.

Respectfully submitted,
Leon Groshek, Sergeant
Program Coordinator

2009 ANNUAL SQUAD REPORT

In 2009, the Jefferson County Sheriff's Office purchased six Ford Crown Victorias for the Patrol Division and one Ford Expedition for the Patrol Sergeants.

Overall, the Jefferson County Sheriff's Office logged a total of 1,013,298 miles in the year 2009. The breakdown for each division is as follows: Patrol Division logged 777,229 miles; Detective Division logged 59,634 miles; Support Services Division logged 129,792 miles; and the Administrative Division logged 46,643 miles.

The Patrol and Transport Division vehicles continue to run primarily on propane motor fuel. The average cost of propane for 2009 was approximately \$1.50 per gallon with tax, which compares to the average cost of about \$2.00 per gallon for regular, unleaded fuel. The Sheriff's Office currently has 18 dual fuel vehicles in its fleet.

Respectfully submitted,
Paul A. Wallace, Sergeant
Fleet Maintenance Supervisor

[illegible]

OPERATING WHILE INTOXICATED PROGRAM 2009 ANNUAL REPORT

This past year showed an increase in arrests made for operating while intoxicated (OWI). A total of 172 drivers were arrested for OWI in 2009. Of these drivers, 33 refused to submit to the test; and of the 33 that refused the test, 20 of them had blood drawn despite their refusal due to the fact that they were repeat offenders and their violations are considered traffic crimes. In addition, 39 of the arrests made were a result of automobile accidents.

The average blood alcohol content (BAC) for 2009 was .198% compared to the 2008 average of .203%. High and low months for 2009 were February with 21 arrests and October with 8 arrests.

In 2008, 158 drivers were arrested for OWI. The month with the most arrests was December with 19 arrests, and the lowest month was May in which only 7 arrests were made.

Respectfully submitted,
Leon M. Groshek, Sergeant
Patrol Division

SNOWMOBILE PATROL

2009 ANNUAL REPORT

The Snowmobile Patrol is supported by the Jefferson County Snowmobile Alliance and the Department of Natural Resources. At the beginning of the season a meeting was held in which members from each group and the Sheriff's Office Snowmobile Patrol were present. All three groups discussed how to make the season safe and how to keep the trails in good condition in order to prevent crashes and fatalities.

Following each snowmobile season, a year-end report is submitted to the Department of Natural Resources. We then receive reimbursement for a portion of the cost to operate the snowmobile patrol as long as there is enough snow for the season for patrol to work. Reimbursement includes salaries, travel expense, materials, and supplies. This season the snowmobile patrol was activated for 19 hours of patrol and wrote two citations.

2009 SNOWMOBILE EXPENDITURES

| | |
|---|--------------------|
| Salaries | \$ 1,054.62 |
| Travel, Material, and Supplies | \$ 262.57 |
| Net cost of Patrol | \$ 1,317.19 |
| | |
| DNR Reimbursement | \$ 820.00 |

Respectfully submitted,
Sharee L. Brost, Sergeant
Jefferson County Snowmobile Patrol

[illegible]

WATER SAFETY PATROL

2009 ANNUAL REPORT

In 2009, the Jefferson County Water Safety Patrol was active on the Rock River and Lake Koshkonong. There are sixteen active members on the Jefferson County Recreational Safety Patrol. These members currently perform their primary duties in the Detective Division, Jail Division, and Patrol Division of the Jefferson County Sheriff's Office. This year's patrol started its operation on March 9, 2009 and ended August 2, 2009.

During the period from March to August, the Water Safety Patrol accumulated a total of 160 hours claimed, with 62 hours being spent on the various bodies of water enforcing Wisconsin boating laws. The remaining hours consisted of training new deputies and continuing education for the current boat patrol members. Boating safety courses were again offered to the community and several attended, receiving a boating safety certificate at the completion of the course.

2009 BOATING EXPENDITURES

| | |
|--|------------------------|
| SALARIES | \$ 5,954.76 |
| TRAVEL, MATERIALS, & SUPPLIES..... | \$ 1,616.98 |
| DEPRECIATION CLAIMED FOR CAPITAL ITEMS | \$ 3,265.29 |
| NET COST OF PATROL..... | \$10,837.03 |
| APPROXIMATION OF REIMBURSEMENT FROM DNR | \$ 7,040.00 |
| APPROXIMATION OF NET COST | \$ 3,797.03 |

The Jefferson County Water Safety Patrol issued seven DNR citations on various bodies of water in 2009. The division was very visible and we had numerous positive contacts on all bodies of water that we patrol.

Respectfully submitted,
Sharee L. Brost, Sergeant
Water Safety Patrol Coordinator

Don't wait. The time will never be just right.

9-1-1 COMMUNICATIONS CENTER

2009 ANNUAL REPORT

Jefferson County 9-1-1 Center

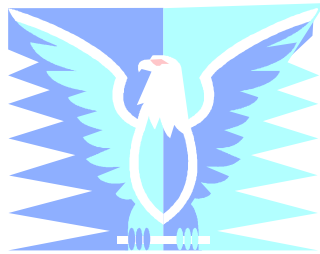

The Jefferson County 9-1-1 Communications Center is located within the Sheriff's Office and operates as a branch of the Patrol Division. The Communications Center is comprised of nine full-time and four part-time dispatchers, overseen by one Communications Supervisor. The Center is staffed 24 hours per day, 7 days a week, with two dispatchers on duty at all times. The dispatchers are responsible for answering a total of 25 phone lines consisting of non-emergency, emergency, landline 9-1-1, and wireless (cell phone) 9-1-1 phone calls for all of Jefferson County, with the exception of non-emergency and landline 9-1-1 calls from within the city limits of Watertown, Whitewater, and Fort Atkinson. As well as answering phones, the two dispatchers on duty are responsible for dispatching 15 Emergency Medical Services (EMS), 15 Fire Departments, and up to 22 Police/Law Enforcement Agencies.

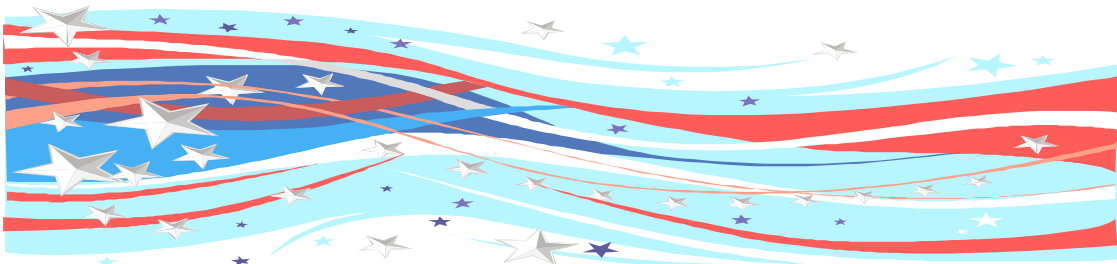

In 2009, the Communications Center processed a total of 73,126 calls for service which is an increase of 10,465 from 2008. These entries or calls for service were made up of 5,037 Emergency Medical Services (EMS) entries; 5,153 Fire entries (including controlled burns reported to the Sheriff's Office); 16,944 entries for local police departments and other law enforcement agencies and 45,992 entries for the Jefferson County Sheriff's Office alone. The Center also processed a total of 133,514 phone calls which consisted of 95,783 non-emergency phone calls; 19,646 emergency phone calls, 3,903 landline 9-1-1 phone calls, and 14,182 wireless 9-1-1 calls.

In addition to answering phone calls, dispatching units, and handling walk-in traffic in the absence of the secretaries, the dispatchers perform other duties as well. The Communications Center is responsible for maintaining all warrants, restraining orders, and injunctions issued by the Circuit Courts of Jefferson County. These court documents are entered into the electronic databases of the Wisconsin Department of Justice Crime Information Bureau (CIB), the National Crime Information Center (NCIC), our Records Management System (in-house computer system called CIS) and then filed in the Communications Center. Some dispatchers serve as validation officers who double check the entries after they are recorded and maintain the information to keep all the information current and up to date. Dispatchers

With all the upgrades, continued improvements and training that take place, the Communications Center will only increase in efficiency to provide the level of service that the citizens of Jefferson County expect and deserve.

JEFFERSON COUNTY EMERGENCY COMMUNICATIONS, INC. 2009 ANNUAL REPORT

Jefferson County Emergency Communications (JCEC) currently has 17 Special Deputies who volunteer their time assisting Jefferson County law enforcement agencies with planned events and emergency situations. Once again, JCEC members have logged nearly 2,000 hours assisting the Sheriff's Office and area municipalities within Jefferson County. Emergency situations this past year that we have assisted law enforcement agencies with include traffic control at accidents, fires, special events, fire/crime scene security, and assisting in searches for missing persons. We also assist law enforcement with planned events such as the Jefferson County Fair, festivals and parades, along with several charitable walk/run or bicycle events.

The Jefferson County Emergency Communications Park Patrol has just completed its eighth year of park patrol service. Two person teams of specially trained JCEC members patrol the county parks on a monthly basis. This cooperative effort between JCEC, the Sheriff's Office, and the Parks Department has added a sense of security to the parks and has helped to cut down on vandalism and lewd activity. Park Patrol members also assisted with traffic control in various areas of the county for the transport of bridge supports for the State Highway 26 bypass project.

Jefferson County Emergency Communications, Inc. is a totally self-funded organization. The volunteers support the Sheriff's Office and area law enforcement and their help is available at no cost to the taxpayers of Jefferson County. Funds for the group come from the festivals and other public or private events where there is an opportunity to charge for services. JCEC members are not individually compensated for their time and should be considered very prideful and selfless civic volunteers.

It is always a pleasure to work with the law enforcement agencies and citizens of Jefferson County. Members of JCEC are always appreciative of the recognition and support given to us from the agencies, deputies, officers, and citizens of this county. We look forward to volunteering our time to assist Jefferson County in the upcoming year.

Respectfully submitted,
Sue Ebert, President
Jefferson County Emergency Communications, Inc.

One thing you can't recycle is wasted time.

JAIL DIVISION

2009 ANNUAL REPORT

In 2009, the Jefferson County Jail witnessed something that most other jails in the state are not experiencing, a reduced inmate population. During 2008, the average daily population was 195 inmates. In 2009, the average daily population was went down to 176. Our average daily population spiked over the last two years and now we are witnessing a lower population. One reason for this is that the backlog of criminal cases has been caught up which means fewer inmates are being sentenced.

Because of the increased inmate population during 2007 and 2008, there was no inmate bed space to house contract inmates from other agencies. This, in turn, meant a reduced amount of revenue coming into the Sheriff's Office. So in 2009, after reviewing state codes that govern Wisconsin jails, we were able to add an additional 15 beds to the jail. Five inmate beds were added to one of our dorms and 10 additional inmate beds to another dorm. In order to meet state codes, we also needed to add an additional sink to one of the dorms and three additional tables. With these additions, it was hoped that we would be able to house more contract inmates to increase jail revenue. Dozens of phone calls and several hours were spent on the phone, throughout the year, speaking with several county jails, Wisconsin Department of Corrections, United States Marshals, and The Federal Bureau of Prisons, telling them and reminding them that we had space available for their inmates. All the answers were the same, they also are experiencing financial difficulties and unwilling to house their inmates in other jails. However, the communication and positive relationships that were developed with all the other agencies during 2009 will hopefully see an increase in the amount of contract inmates housed in our jail in 2010.

In 2009, the jail received two new supervisors. I was promoted from sergeant to captain in charge of the jail division. In addition, Sergeant Novonty was promoted from a deputy assigned to Support Services, to a jail sergeant during the year.

The Health Department nurses continue to do an excellent job providing health services to the inmates in the jail. The nurses saw a total of 3,638 inmates for the year or an average of 303 inmates each month for sick calls. In 2008, the average was 324 inmates per month. The jail doctor, who is contracted through Advance Correctional Healthcare, saw 229 inmates for the year during 48 visits to the jail. Recently, the State of Wisconsin learned that there were thousands of convicted felons throughout the state that had been released and had not had their DNA collected. These felons were contacted by the state and required to report to their local county jail to have their DNA collected. This put an added burden on our nurses, resulting in 168 felons having their DNA collected at the jail. This number is up from 54 that were collected in the jail in 2008. An additional nurse's office was constructed in 2009; giving the nurses two much needed work stations and additional lockable storage cabinets.

The jail continues to work closely with the Jefferson County Literacy Council (JCLC). Our partnership is able to provide the inmates with needed programs including, Basic Skills, English as a Second Language, and the Storybook project. The JCLC also assists inmates in searching for employment with local businesses. Other programs provided in the jail include Alcoholics Anonymous, Alcohol & Other Drug Abuse (AODA), Anger Management, Bible study, church services, Job Skills, and General Education Diploma (GED) program.

Our 2009 Annual State Jail Inspection was completed on October 2, 2009. Once again, the inspection received an outstanding rating. The inspector stated that the jail staff should be commended for the excellent work being completed to ensure the safety and security of the Jefferson County Jail, and that the staff does an excellent job with the operation and management of the facility. I am very proud of the men and women who serve as deputies in the Jefferson County Jail.

Jail Division

HUBER DIVISION

2009 ANNUAL REPORT

The Huber Division consists of three deputies that serve as Huber officers and one sergeant who oversees the program.

In 2009, inmates entering the jail facility with Huber privileges and having qualifying employment were charged \$16 a day prior to June 1st and \$17 after that. During 2009, full-time Huber employment generated \$184,434.24 for the Sheriff's Office. The jail averaged 31 full-time Huber inmates per day in 2009. Some inmates come into the jail working part-time, doing child care or attending post high school education. These inmates are charged \$17 a day for the days they leave the jail. In 2009, part-time Huber inmates generated \$10,230.00 in revenue.

The Huber office assisted approximately six inmates in obtaining gainful employment. Temporary agencies such as Terra Staffing, Manpower, and Diversified Personnel Services have not had the job opportunities they once had. The majority of these inmates were placed with local factories and service industries such as Tyson Foods and Rock River Powersports. No inmates were hired as a result of approving them to attend job fairs. Two inmates were hired at Tyson Foods after applying at Workforce Development. Inmates seeking work were encouraged to participate in job skills programming that was available at the jail. This gives them assistance in completing a resume which allowed them to mail their resume to any business they chose. Upon request, inmates seeking work were given applications for Diversified Personnel Services, Terra Staffing, and Spherion. The slow economy has had a significant impact on the amount of available full-time work in the Jefferson area. As part of the Huber program, the jail conducted 171 on-site Huber checks on 24 days during 2009.

The Huber Division uses Southeastern Monitoring Inc for our Electronic Monitoring needs. Southeastern Monitoring Inc allows us to use their E.M. equipment without having to sign a contract. Currently E.M. is only used for those inmates with special medical needs. In 2009, one inmate was placed on the Jefferson County electronic monitoring program.

The Community Service Worker (CSW) Program allows certain jail inmates, with and without Huber privileges, the opportunity to work time off of their sentences. Inmates do this by receiving one day off their sentence for every 24 hours that are worked. Inmates selected as CSW's must meet guidelines set forth by state statute as well as jail policy.

Inmates can accumulate these hours by working in the jail kitchen where they assist kitchen staff with storage of food as well as the cleaning of kitchen and equipment. Other inmates in the program work in the jail cleaning and mopping floors, cleaning/disinfecting cells and laundering inmate clothing. These inmates may also be washing squad car exteriors. Some inmates work with the parks department doing various landscaping and clean up duties. Occasionally inmate(s) who are bilingual may be asked to translate for prisoners brought in by area law enforcement officers.

In 2009, 45 different inmates, all male, used the opportunity as CSW's to reduce the length of their sentences as well as provide valuable assistance to the jail staff. The CSW's logged 12,298.25 hours of work which resulted in 365 days being worked off inmates' sentences.

Respectfully submitted,
Kevin Brost, Sergeant
Huber Division

JAIL MINISTRY

2009 ANNUAL REPORT

The Jefferson County Jail Ministry provides spiritual services to those incarcerated at the Jefferson County Jail. Volunteer clergy and lay persons representing churches throughout Jefferson County provide the personnel and resources to support weekly worship services/Bible studies at the jail. Additionally, members of the jail ministry are available to meet inmates' individual spiritual needs as well as provide support if needed upon each inmate's release.

The Jail Ministry also organized special programs to provide Christmas presents for the children of incarcerated inmates and provided Christmas cards to inmates wishing to correspond with their families.

Funds for the Jail Ministry continue to be provided through donations from local churches and other local businesses and organizations. In 2009, funds were used to promote and assist inmates in obtaining their Graduate Equivalent Degrees.

The Jail Ministry Committee Board is responsible for the oversight of jail ministry functions. Currently the board consists of four clergy and lay persons representing various church congregations within Jefferson County, and one liaison deputy representing the Sheriff's Office.

The following churches and organizations have shared their time, personnel, and/or financial support in 2009:

| | |
|----------------|---|
| Fort Atkinson: | Faith Community Church, First Baptist Church, Friendship Baptist Church, Kingdom Hall of Jehovah's Witnesses, St. John's Community Church, Masonic Lodge #9, St. Josephs Catholic Church, and St. Paul's Evangelical Lutheran |
| Jefferson: | Calvary Baptist Church, Rock River Assembly of God, St. John the Baptist Catholic Church, St. Mark's Lutheran Church, Veterans Of Foreign Wars, and St. Vincent De Paul |
| Johnson Creek: | St. John's Evangelical Lutheran Church |
| Lake Mills: | Rock Lake Baptist Church and St. Vincent De Paul |
| Sullivan: | St. Luke's Lutheran Church |
| Watertown: | Ebenezer Moravian Church, St. John's Lutheran Church, and St. Vincent De Paul |

Thank you to all who have participated this past year as we look forward to continuing our mission in 2010.

Respectfully submitted,
Darin S.E. DeNucci, Sergeant
Jail Division

SUPPORT SERVICES

2009 ANNUAL REPORT

The Jefferson County Sheriff's Office Support Services Division continues to be responsible for Civil Process, Courthouse Security, and Transports.

The staff for the Support Services division consists of one sergeant, six full time deputies and six part time deputies. This amount of staff allowed the security station to be staffed approximately 85% of the time during normal business hours in 2009. We have again exceeded the estimate and have also been able to screen people for meetings outside normal business hours.

Because the front security station was staffed on a regular basis throughout 2009, the number of weapons confiscated declined. Citizens within Jefferson County, as well as outside the county, have become accustomed to the security station being staffed on a regular basis which, in turn, has caused people to think before coming to the courthouse with weapons.

Attempts to bring weapons and illegal drugs into the courthouse continues to be a problem; however, the criminal act that is now being detected most frequently by the deputies at the front security station is intoxicated persons entering the building to make court appearances. Deputies are able to detect the smell of intoxicants from their breath. The person is then given a preliminary breath test. If there is a positive result for alcohol, that individual is arrested for bail jumping, for violating their court order, and sometimes charged with driving while intoxicated if they transported themselves to the courthouse. The deputies and the front security station equipment have proven successful in an overall proactive approach to stop or resolve a situation before it becomes a major security issue.

In 2009, the Sheriff's Office continued to work jointly with other employees within the county on training and security measures in order to enhance employee awareness and create a safe work environment for all employees of Jefferson County. Listed below are some of the statistics we posted in the courthouse during 2009:

| | <u>2007</u> | <u>2008</u> | <u>2009</u> |
|---------------------|--------------------|--------------------|--------------------|
| ➤ Arrests: | 185 | 122 | 145 |
| ➤ Juries: | 35 | 33 | 27 |
| ➤ Pages for Deputy: | 289 | 284 | 263 |

Transports continue to go well as we use all available resources in order to reduce costs. This includes using patrol and jail deputies to assist with transports as well as other on-duty personnel, including part-time deputies. The implementation of video conferencing in the courthouse and jail in 2009 saved the Sheriff's Office from having to do an additional 87 transports from mental health facilities from throughout the state.

We look forward to continuing the high level of security and assistance to the staff and visitors of the Jefferson County Courthouse in 2009.

Respectfully submitted,
Sharee Brost, Sergeant
Support Services Division

CIVIL PROCESS

2009 ANNUAL REPORT

The Civil Process Division received 2,759 documents during 2009, served 2,718 documents, executed 77 Writs, scheduled 303 Foreclosure Sales and returned 36 documents at the Plaintiff's request, prior to making service.

Of the 77 Writs executed; 13 were Writs of Replevin, 38 were Writs of Restitution, 8 were Writs of Execution Against Property, and 18 were Writs of Assistance. In 52 of the Writs of Restitution & Assistance cases, the defendant(s) complied with the Sheriff's Order to Vacate, and in the other four cases the Civil Process Division had to physically remove the defendant's property. In the cases of the Writs of Execution Against Property one was returned satisfied, and seven were returned unsatisfied.

The 303 Foreclosure Sales required the Civil Process Division to post 1,818 sale notices.

Monies generated by the Civil Process Division totaled \$142,483.28. Ledger entry payments totaled \$29,348.81 and other monies received for service fees totaled \$114,997.64.

Respectfully submitted,
Sharee Brost, Sergeant
Support Services Division

[illegible]

Life itself can't give you joy; unless you really will it.
Life just gives you time and space; it's up to you to fill it!

JEFFERSON COUNTY DRUG TASK FORCE

2009 ANNUAL REPORT

The Jefferson County Drug Task Force is a multi-jurisdictional agency comprised of local police departments including the Watertown P.D., Waterloo P.D., Lake Mills P.D., Township of Lake Mills P.D., Village of Johnson Creek P.D., Fort Atkinson, P.D., Jefferson P.D., the Jefferson County District Attorney's Office and the Jefferson County Sheriff's Office

The Jefferson County Sheriff's Office continues to act as the lead agency for the Jefferson County Drug Task Force, Providing two full time detectives and a detective sergeant, who acts as the project director and oversees the day-to-day operations of the unit.

The Task Force, for the fifth year, continues to affiliate with Dodge County, Kenosha County, Racine County and Walworth County to form a group called the South East Area Drug Operations Group, or S.E.A.D.O.G. This merger came about at the request of the Office of Justice Assistance which monitors and distributes the Byrne Grant funds for the State of Wisconsin. The merger continues to enhance our operations by networking with these jurisdictions and the sharing of information and resources. This merger makes our group the largest multi-agency drug unit in Wisconsin.

The Jefferson County Drug Task Force investigated or participated in 703 cases during 2009. This is an increase of 64 cases from 2008. Of these complaints, 296 were cleared by arrest, resulting in 353 charges being filed with District Attorney's office. Of these charges, 67 were charged as Felony cases and 286 were charged as Misdemeanor offenses, this is a decrease in Felony cases (1) and a decrease in misdemeanors (122) from 2008. The Jefferson County Drug Task Force assisted in 11 cases initiated by other agencies either in or outside of the Jefferson County borders. All of these cases led to arrests of suspects for Felony Drug charges.

The casework performed during 2008 stemming from the Watertown cocaine T3 wire tap investigation is still ongoing with state charges still pending against multiple suspects. This case continues to take Task Force man-hours and resources. The Jefferson County Drug Task Force was awarded the Midwest Organized Crime Information Center (MOCIC) INVESTIGATION OF THE YEAR award, in August, 2009. The Jefferson County Drug Task Force along with Dodge County Drug Task Force, Wisconsin Department of Justice, Division of Criminal Investigation-Narcotics Bureau; Drug Enforcement Administration received recognition for the joint investigation. The units were recognized for their ability to infiltrate this organization and dismantle its leadership through an investigation which was being overseen by US Attorney's Office, Western District. Other recognition this past year included Det. Sgt. Madson being recognized by the Wisconsin Narcotics Officers Association (WNOA) in August of 2009. Det. Sgt. Madson received the Lifetime Achievement Award at the WNOA Annual Conference held in Green Bay, WI.

For the 20th year, the Task Force participated in the Cannabis Eradication and Suppression Enforcement (CEASE) program sponsored by the State of Wisconsin. We are able to receive funding for supplies and other related items while working in this capacity. We were able to locate and eradicate 26 wild marijuana locations that produced 103,172 plants this season. The Task Force will continue to participate in this program in future years. This was a substantial increase from 2008. The Task Force utilized part-time employees to assist with

eradication efforts. The additional manpower enabled us to extend more man hours into eradication efforts and allow our full time Task Force employees to continue with day-to-day operations without major interruptions.

The records reflect that we are dealing with cases mainly involving sales and manufacturing of Marijuana and sales and deliveries of Cocaine as our main drug case load. We continue to see the amounts (weights) of these drugs higher than in previous years. We are continuing to see complex distribution systems being utilized by the dealers of narcotics. The Task Force is combating this trend by educating its officers and trying to build cases, using the conspiracy laws to put larger dents in these structured multi-suspect organizations. These types of cases; however, do involve longer investigations and the utilization of numerous types of documentation to connect suspects to each other as well as the need to work with a number of outside agencies to assist in creating cases that can be charged.

As always, the Task Force's emphasis for 2009 was continuing to build relationships and cases with outside agencies to enhance our abilities to work cases to their fullest potential. We have again been able to work several cases that extended outside our local jurisdiction but impacted our area. Some of the agencies that we have dealt with in 2009 were the FBI, Secret Service, the State of Wisconsin Drug Enforcement, U.S. Drug Enforcement Administration (DEA), Dane County, Dodge County, Waukesha County, Walworth County, Rock County, Iowa County, Grant County, City of Janesville Police Department, Janesville Street Crime Unit, City of Whitewater Police Department, University of Whitewater Campus Police, Racine and Kenosha Counties. We have built relationships with all area departments and jurisdictions to decrease the importation of drugs into our communities. Our membership with the Wisconsin Narcotics Association greatly increased our contacts throughout the entire State. Our attendance at the annual conference and regional training seminars not only builds on our educational backgrounds but also enables us to network with the drug task force operations throughout the entire state. Currently the Jefferson County Drug Task Force has two members actively serving on the Board of Directors; Det. Chad Handrow is in his second year of his 3-year term on the board and Det. Sgt. Madson is currently the historian on the executive board. Det. Sgt. Madson is also a past president of this organization. Det. Sgt. Madson currently serves the WNOA as a Wisconsin representative with the National Narcotics Officers Association Coalition as well.

The Task Force continues to seize vehicles and other assets that are involved in the drug trade when available. For the year 2009 the Task Force filed Forfeiture documents in nine separate cases. The Task Force was able to seize approximately \$14,471.00 worth of property or U.S. Currency which is either used for Task Force operations or deposited in the State of Wisconsin School fund as per State Statutes.

During 2009, drug informational talks to the community remained relatively the same. The Task Force officers presented 59 different types of presentations in which we were able to communicate directly with over 1,100 citizens. These types of talks and activities have been very rewarding and productive. The citizens of our communities have been very appreciative of our efforts to decrease the drug traffic in their local areas.

We also have enhanced our database to include a statewide program called ACISS. This is a web-based program that shares information statewide to better connect task forces and the movement of narcotics throughout Wisconsin.

JEFFERSON COUNTY HOSTAGE NEGOTIATORS 2009 ANNUAL REPORT

The Jefferson County Hostage Negotiator team consists of one supervising officer (Detective Sergeant) and five trained deputies. This unit responds to call outs in conjunction with the Jefferson County SWAT team and other related situations.

This unit has been in existence for over 17 years and has assisted in numerous situations involving barricaded subjects, suicidal subjects, and hostage situations.

Unit members attend organized training by attending FBI, Wisconsin Department of Justice, and localized training sessions. Training is also held in conjunction with local and area SWAT teams. The supervising officer and at least one supporting unit member attend the annual Wisconsin Crisis Negotiators Conference (24 hours of specialized training) sponsored by the Fox Valley Technical College each year. A membership is also kept current with National Tactical Officers Association; this membership provides the unit with access to grants and updated equipment as well as training needs and issues.

The Hostage Negotiator Team received nine call outs in 2009 where negotiators were utilized in contacting subjects who either did surrender or were taken into custody without serious injury during the incidents. The team was activated on other occasions during the year; however, their expertise was later deemed not needed for the situation or the situation was resolved before arrival.

Respectfully submitted
Timothy C. Madson, Detective Sergeant
Unit Supervisor, Jefferson County Hostage Negotiator Team

Unit Members:
Detective Sergeant Madson, Supervisor
Deputy Scott Yambor
Deputy John Strese
Detective Margareta Gray
Detective Timothy Behselich
Detective Chad Garcia

DETECTIVE DIVISION

2009 ANNUAL REPORT

The Detective Division is comprised of one administrative captain, one detective sergeant, six detectives, one full-time secretary, and one part-time secretary. In January 2009, Det. Joe Mech joined the division from the Drug Task Force and Det. Tim Behselich went to the Task Force. As in past years, thefts, burglaries, domestic abuse and sexual assault incidents continue to comprise the majority of investigations handled by the Jefferson County Detective Division.

In 2009, the Detective Division was involved in a number of extensive, high profile investigations, one of which was the 1980 Hack/Drew homicides. Timothy Hack and Kelly Drew disappeared after attending a wedding reception at the Concord House. Their bodies were found months later off of a field drive near Hustisford Road in Jefferson County. No suspects were developed at the time, though evidence was collected and secured by the Jefferson County Sheriff's Office. Over the years, follow-up was done on every lead. In 2007, because of DNA testing advancements, DNA evidence was submitted to the state crime lab for analysis and a male suspect was developed; however, no name was attached to the sample. In 2009, the Department of Criminal Investigations (DCI) received a state grant to work on cold cases; one case of interest was the Hack/Drew homicides. After details were aired on TV, leads came in to JESO, and we eventually did an extensive background on Edward Edwards, who became a person of interest. A search warrant for his DNA was obtained. The DNA was collected and submitted to the crime lab. Their report indicated a high probability that Edwards' DNA was at this crime scene. Edwards was arrested and awaits trial on these two homicides.

The Sheriff's Office was also involved in an internal investigation at Jefferson County Human Services, where it was determined that Wendi Hembrook, Director of the Birth to 3 Years Program, had embezzled approximately \$20,000.00. She received five years probation with restitution ordered.

The Detective Division also investigated the fatal traffic deaths of Eleno Calvillo and his son Bailey. Lucas White was arrested for two counts of Homicide by Intoxicated Use of a Vehicle and sentenced to 14 years in prison with 16 years extended supervision after his release.

Thirteen arrests and 29 citations were issued in the fatal traffic death of Michael Ader. It was determined that James and Jan Mess purchased a half barrel of beer for a juvenile alcohol party. Ader and a companion drank at that party, got into a vehicle and drove away, eventually becoming involved in a fiery crash. This was an intense and time consuming investigation due to the numerous people involved.

The Jefferson County Detective Division continues to try and keep current with the ever-changing law enforcement environment. Technology and statute changes produce a constant challenge for the Jefferson County Detective Division. In an effort to maintain high division standards, the detectives attend a number of investigative schools regarding identity theft, fraud, arson, child abuse, evidence collection and processing, death investigation, computer voice stress analysis, identifying deceptive behavior, interview and interrogation, and the Wisconsin Association of Homicide Investigators Conference.

Respectfully submitted,
Lawrence Lee, Detective Sergeant
Detective Division

COMPUTER VOICE STRESS ANALYZER

ANNUAL REPORT 2009

In 2009, the Jefferson County Sheriff's Office conducted 11 Computer Voice Stress Analyzer (CVSA) tests including four cases of thefts, two arsons, two sexual assaults, one child abuse, one harassment case, and one death investigation. Two additional CVSA tests were attempted; however, the individuals confessed involvement before the tests were actually given. Four CVSA tests were performed at the request of outside agencies. The 2009 CVSA tests administered were for the following agencies:

- 7 Jefferson County Sheriff's Office
- 2 Lake Mills Police Department
- 2 Dane County Sheriff's Office

For the Jefferson County Sheriff's Office cases, many times the investigating detective will merely suggest confirming a suspect's statement by conducting a CVSA. Often that was enough to convince a suspect that telling the truth would be beneficial to them. Suspects often admit giving deceptive answers and become honest without the test being administered.

Although the Jefferson County Sheriff's Office received other requests for CVSA testing, the suspects either refused the test or cancelled before it could be administered. In the tests that were conducted, we received a confession in a theft/forgery case and confirmed that statements given to us by two victims in another case were truthful.

The CVSA exam is designed to aid the investigating agency by determining a course of action after exhausting all other means of investigation. The CVSA continues to be a valuable asset in investigations for the Sheriff's Office as well as other agencies. In past years, such cases would have been uncharged due to lack of evidence or other information. The CVSA also aids investigators with case management by better utilizing investigative time and energy by eliminating possible suspects. This allows investigators to focus their time on other viable suspects involved in a case.

Respectfully submitted,
Travis Maze, Detective
CVSA Operator

A smile is a fortune, but you can't buy it, you can't sell it, and you can't steal it;
it isn't good to anyone until it's given away.

2009 FULL-TIME SWORN OFFICERS

Sheriff Paul S. Milbrath

Chief Deputy Jeffrey A. Parker – Undersheriff Kevin F. Stapleton

Captain Patrick Brown, Captain Duane Scott, Captain Jerry Haferman

Sergeants: (Patrol) Paul Wallace, Matthew Miller, Leon Groshek, Tom Rue, Brian Olson, Mike Weber; (Detective) Larry Lee, Tim Madson; (Jail) Darin DeNucci, Lisa Handrow, Eric Brooks, Kevin Brost, Jason Hacht, Heather Novotny; (Support Services) Sharee Brost
